

Sales

PARI – available worldwide

PARI products are available in over 80 countries. In Germany, our products can be purchased at any pharmacy and medical supplies retailer, in Austria at specialist retailers (medical supplies retailers, orthopaedic speciality shops and pharmacies).

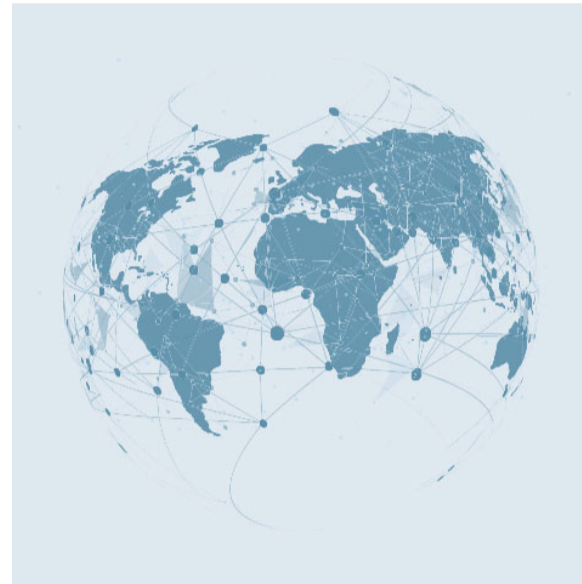

So that we can offer even better service to patients with respiratory diseases, we have formed partnerships around the globe. Our certified service partners are able to perform repairs under warranty in accordance with our guidelines. These partners have committed to undergo regular inspections and to document all repairs under warranty in accordance with PARI's specifications.

You can purchase PARI products from our branch offices and distributors around the world:

PARI Distributors and Servicepartners Worldwide

Our service for you

We have entered into international partnerships to ensure we can offer patients with respiratory diseases an even better service. Our certified service partners are capable of performing repairs under warranty according to PARI's guidelines. Our service partners undertake to submit to regular inspections and to document all repairs performed under warranty according to PARI's stipulations.
